Purpose of the MOU

The purpose of the MOU is the promotion of a broad program of conservation and natural history study, primarily in the field of ornithology.

To achieve this objective, the Union urges and promotes interest in field studies and observation of birds by individual members and affiliated bird clubs. We publish a quarterly journal, The Loon, and a newsletter, Minnesota Birding; we conduct field trips; we encourage and sponsor the preservation of natural areas; and we hold seminars where research reports, unusual observations, and conservation discussions are presented.

We are supported by dues from members, affiliated clubs, and special gifts. Any or all aspects of the MOU program could be expanded significantly with gifts, memorials, or bequests willed to the organization.

Suggestions to Authors

The Loon is a peer-reviewed journal on the birds of Minnesota published quarterly by the Minnesota Ornithologists’ Union. The Editor welcomes submissions of articles, Notes of Interest, and original photographs. All text submissions on paper should be typed, double-spaced, and single-sided. Notes of Interest should be less than two full pages. If possible, please include a digital copy of your submission. Digital documents may be e-mailed to the Editor of The Loon — see inside front cover for contact information. Printed photographs should be no smaller than 5” x 7”. Digital photographs should be original format, unaltered, and full resolution. Club information and other announcements of general interest should be sent to the Editor of our newsletter Minnesota Birding — see inside front cover for contact information. Bird sighting reports for each season should be sent to the Editor of “The Seasonal Report” — see “Key to The Seasonal Report” for contact information.
